Evaluation Remarks: The Management Procurement Committee has canceled and scraped this complete RFQ process due to following reasons:

- The Service Providers has failed to provide the required documentation of Registration (such as Proof of NTN and registration with Sindh Revenue Board for SST) & documentary evidence of their experience as Service Provider in at least one contract in the last 3 years of a size or nature similar to the requirements of this contract.
- The Service providers have failed to provide the rates of uniform depth (10 m to 15 m) of five (05) boreholes. This lack of uniformity in depth means that an equitable and accurate apple-to-apple comparison cannot be achieved, compromising the integrity of the competition.
